## 2018 AGM PROPOSALS

### MOTION A

A. Which section of the rules (i.e. Safety Rules, Constitution etc) does your proposal apply to? If you are proposing changing any of the bow class rules, please indicate which one. (i.e.. Hunting Tackle, all bow classes).

Shooting Rules, Shooting Style Rules

B. What number rule is your proposal amending or replacing? OR Please indicate if you are proposing an entirely new rule or to remove an entire rule:

Amend both Rule 18 (Shooting Rules) and general Shooting Style Rules

C. The exact words of your proposal:

Replace the wording of Rule 18

Old: "No archer may make use of any mechanism for calibrating the distance to be shot. The use of rangefinders, binoculars, monocular or other devices capable of being used as a rangefinder is prohibited. No archer is allowed to receive information from another person using such a device, nor from an archer waiting to shoot or having shot.

Peg-to-peg and peg-to-target distances must not be paced/walked (see Rule 25/a)

New "No archer may make use of any mechanism for calibrating the distance to be shot. The use of any equipment capable of rangefinding/distance judging is prohibited. No archer is allowed to receive information from another person using such a device, nor from an archer waiting to shoot or having shot. Peg-to-peg and peg-to-target distances must not be paced/walked (see Rule 25/a)"

&

Add to general Shooting Style Rules after "Unless explicitly forbidden in the rules below, any equipment is permissible."

"Binoculars and monoculars are not allowed to be used on the course unless stated specifically in the rules for the style being shot."

D. What are the benefits of your new proposal? (Max 100 words)

# Committee Notice Board

C. The exact words of your proposal:

“Archers shooting in the Unlimited Class may use Binoculars/Monocular to identify the position of the inner kill whilst standing at the peg, only as part of their first shot. Any Binoculars/Monocular used must not be capable of measuring the distance to the target. Any Binoculars/Monocular used must; have fixed magnification; not exceed 12 times magnification; not have greater than 50mm objective diameter; not have any device capable of measuring distance; not have any markings on any of the focusing functions.

D. What are the benefits of your new proposal? (Max 100 words)

Due to the ever-increasing number of different 3D targets and the number of “repaired” 3D targets, the current system of using placement cards to identify the location of the inner kill is no longer practical in most circumstances. Archery should be about the skill of shooting a bow and judging the distance to the target. Without knowing where the scoring zones are we are turning the result of the shoots into as much of a memory test as we are skill with a bow. Allowing all archers, the ability to see the kill will help to level the playing field.

E. Are there any issues that need to be overcome for your proposal to be effectively enforced?

No

F. Will your proposed change require any changes to other rules to work properly? If so please complete another proposal/s to amend/delete other rules.

No

G. Will the proposal require additional funding? If yes please give details.

No

H. Will the proposal require additional people or resources to implement or police? If yes please give details.

No

I. Is the proposer (s) willing to provide resources for the proposal if required (eg 3Ds / Nationals)?

Yes

J. Each proposal requires signatures of the proposer AND four supporters. For a change to the Constitution actual signatures of 50 members are required.
