These rules will come in to force on **1st April 2019**.

Motion A - Passed

Section: Shooting Style Rules

New Rule 18: **“No archer may make use of any mechanism for calibrating the distance to be shot. The use of any equipment capable of range finding/distance judging is prohibited. No archer is allowed to receive information from another person using such a device, nor from an archer waiting to shoot or having shot. Peg-to-peg and peg-to-target distances must not be paced/walked (see Rule 25/a)”**

Add to general Shooting Style Rules after “Unless explicitly forbidden in the rules below, any equipment is permissible.”

“Binoculars and monoculars are not allowed to be used on the course unless stated specifically in the rules for the style being shot.”

Motion B - Passed

Shooting Style Rule for Unlimited

Replace “Subject to the General Rules, archers shooting in this class have complete freedom of choice of equipment, with the exception that no electrically powered or electronic equipment can be used (e.g. electronic release aids, laser sights).” with

“Subject to the General Rules, archers shooting in this class have complete freedom of choice of equipment. No electrically powered or electronic equipment may be used (e.g. electronic release aids, laser sights), with the exception of sight lights that solely illuminate the pin(s).”

Motion C - Passed

Addition to the Shooting Style Rule for Unlimited

“With effect during the whole day, archers shooting in the Unlimited class may use either (but not both) placement cards or binoculars/monocular to identify the position of the scoring zone, whilst standing at the shooting peg, only as part of their first shot. Sights must not be adjusted after using binoculars/monocular for each target. Any binoculars/monocular used must not be capable of measuring the distance to the target.”
