

HANSON BOWMEN SHOOT REPORT 10TH AUGUST 2008

Even after the electricity board gave our wood a good shave right through the middle, we were ready (what a good team we have at Hanson, all pulling together when the need arose). It did start off looking like it was going to be a wash out with the rain, but thankfully it passed and we had a brilliant day, all positive feedbacks from all that shot. We also finished in record time, which was very good for the Hanson clan that were there.
