

## Osprey Archers shoot March 2010

Despite the forecast of heavy rain 130 archers joined us for our March shoot. We were very lucky in that the rain stayed away until late afternoon so only the raffle and prize giving was conducted under umbrellas. The course was as usual half 3D and half faces set by two different people so in effect giving two completely different courses in one shoot.

As usual the full results are available on our website [www.ospreyarchers.org.uk](http://www.ospreyarchers.org.uk)

Thank you to all those that attended it is encouraging to get your favourable comments.

Mike Beare, Shoot Organiser.
