

Spirit Of Sherwood Wooden Arrow Shoot July 08

What a day for a shoot! Lovely blue skies and no winds. Thanks to the 100 archers who came and had a very enjoyable day and showed their appreciation by the spontaneous applause at the end. This was appreciated by the club after all the Forestry wood clearing meant we had to create a new course with all the extra work that entails. You liked the hittable shots and enjoyed the drinks stations provided, well done to the winners of the kills trophy's and thanks to both Richards for the course they set, but most of all thank you the visiting archers it was your day, glad you enjoyed it.
