

Well done to all our gallant archers who braved the rain snow and bitterly cold weather to shoot our predator and prey round.

Tamaras hand drawn faces went down a treat and everyone seemed to enjoy themselves a great deal.

The day went smoothly and the treat of being able to relax and more importantly warm themselves in our 14th century barn while waiting for the results was gratefully recieved by everyone including the club members who did a great job in extreme conditions. Very difficult to cook food with cold hands. A special thanks to our junior members who worked so hard bless them...

Hopefully our next shoot will be dry and a bit warmer for you all.

congratulations to all who took part for staying the distance.
