

Draig Goch Field Archers

NFAS Open Shoot 18th Nov 2018

Shoot Report

Our Winter open shoot was held at our woods in North Wales (yes it is still accessible without a passport pre-Brexit!!!). More than 70 archers braved the cold on what was a sunny but typically bracing day.

Our new course of 36 x 3D's, which included wasp pegs for the first time, was testing but fair according to the archers I spoke to on the day. Special thanks go to Mark Howard who laid the course by himself, considering this is only his second year in archery we think the boy done good!

Catering was provided by Liz and myself, I actually hate cooking but standing next to the warm BBQ had a certain appeal on the day!

Thanks go to all the marshals who guided the competitors around and looked for arrows throughout the day, and to Dave Pritchard who sorted out the scores and medals at the end of the day.

We look forward to welcoming everyone back next July when we host the Welsh Champs.

Dave Wilson
