

Another Bluebell Shoot – but the weather was cold & rain threatened, plus the Bluebells were not quite at their peek (they are now!). However 174 archers seemed to enjoy the course - and the food – thanks for your kind comments.

Perhaps in keeping with the weather, that Polar Bear made an appearance again. Not in his cave this time but on an ice floe. There were a few arrows in the ice – and the briny blue ocean!

Now you may have seen pictures of our Lady P (Paula) – what a sport. If you're wondering where the dress came from, that's another story, but someone in SWAC needs to watch their back!

Many thanks to our whole team once again, you did a great job guys.
