

Acorn Innaugural "Not The Nationals" 15th September MXXXIV

The day at Acorn Archers can be started with one of the most fabulous cooked breakfasts in the land at Manor Farm Shop Cafe (07359 113624 B1195, Lusby) made using local produce cooked fresh to order in the rolling hills of the Lincolnshire Wolds.

For our final shoot of 2024, we opted to host something novel, owing to the cancellation for the second time of the National Championships and to accommodate those who do not fancy attending for whatever reason, the "Not the Nationals" was decided upon taking the format of a two times course with a total of 22 targets consisting of a diverse mix of unorthodox 3Ds, cut-outs and hanging targets. Whilst the targets were not stretched to a distance, the shots were laid to warrant thought and consideration. This approach seemed well received by all, as were the prizes.

The course layout has been designed with safety and convenience in mind so you will pass catering thrice each time around the course.

We hope to welcome many more new faces from the vast ranks of the Nfas to our upcoming shoots to be held in the year 2025.

"Not the Nationals" is something we hope to continue and build upon next year, to be held the same weekend as the National Championships.

Not to be missed, otherwise...

..."next peg!"

Thank you to everyone who attended our first "Not the Nationals" and our other shoots in this, our club's inaugural year.

Good fortune to all from the atypical archers at Acorn.
