

Briar Rose Field Archers - July 19th 2026

Our thanks to the 88 archers who joined us for our annual open. Though our numbers were slightly down on last year due to us clashing with the Welsh Champs. Unfortunately, this was the only weekend our landowners agreed to. Thankfully we had slightly cooler weather, with even a gentle breeze at time.

We took onboard last year's feedback on shots, though there may still be a few things for us to improve. As before we set wasp pegs for all 36 shots, with us also running all compound and crossbows through speed checks on the club's chronograph. This proved very popular as so many archers want to test out their recurves or longbows.

For the second year we ran our own catering which seemed again to be well received with a huge number of cakes and selection of hot food available.

Things didn't go 100% smoothly though, with a few hiccups including a power cut in our kitchen area, thankfully just after breakfast run.

This year we tried to factor in elements from last year's feedback, with less very short shots adding in more mid-range shots 20 to 35 yards. We increased the number of 3Ds too this year and managed 28 3D targets.

For those curious the tiger face was 62 yards from the wasp peg. Our 3D Boar and 3D mountain lion seemed to catch many out.

Thanks to all those archers who gave us feedback on the day, on shots, course design and catering. The team really appreciated this as some were marshalling for the first time.

Hopefully we will see you next year which will be the club's 10th anniversary
