

Company of 60 Field archers

Open shoot results

Sunday March 10th 2024

Our first shoot of the year is always popular and so was fully booked. However, the dodgy weather forecast did thin the numbers on day, so that only 107 archers turned up to brave the forecasted rain. Predictably this arrived just as the shoot began and stopped just as the medals were given out. During the shoot itself, the wet conditions may have dampened the scorecards, but not the levels of competition between archers. The new catering team of Steve and Sue aided by the entire Wetherell Family hit the ground running, to help keep everyone on the go. Our Creak and Christmas Tree courses provided some contrasting challenges and generated great comments from many of our visitors on the hard work of our course layers. Our next shoot is Sunday May 19th, where we are hoping for a welcome return of that big bright yellow thing in the sky!
