

# **Magna Carta Field Archers**

## **Open Shoot Report 17th November 2024**

This was a memorial shoot in the memory of Wally Robson to celebrate the life of our dear friend, Wally Robison. As we stand in this beautiful wood, surrounded by nature and the sport he loved, I can't help but feel that Wally is with us in spirit, probably chuckling at our attempts to hit the target.

Wally was truly larger than life. He had a personality that could light up any room and a sense of humour that could make even the grumpiest among us crack a smile. Whether he was sharing a joke or offering a playful jab, he had a unique way of bringing joy to our lives. I can still hear his laughter echoing in my ears, and I know many of you can too.

Let's remember Wally not just for his archery skills, but for the way he embraced life. He taught us to aim high, to take our best shot, and to never take ourselves too seriously. After all, if you missed the target, it was just an opportunity for a good laugh!

In honour of Wally we had commissioned a wooden (Green man) trophy which would be presented to the highest scoring (handicap) score between Longbow and Primitive archers of the shoot. This was very popular with longbow and primitive archers so we will be considering making it a standard fixture and include it one of next years one shoots. The wooden trophy was won by 'Ken Payne' of 'Magic Dragon' shooting Longbow (LB) style. He was also the highest scoring archer in the open competition across all styles.

We had a total of 55 archers in attendance and we were fortunate with the weather which was cold but sunny.
