

Magna Carta Field Archers Shoot Report

“Wally Robson Memorial”

23rd November 2025

The day started exceedingly wet at 7 a.m., but fortunately, by 9 a.m., it gave way to sunshine and blue skies.

Over 60 archers had registered for the event, with a good number of PV and LB participants ready to compete for the Greenman Trophy, a handicap shoot which we feel Wally would have appreciated considering his close links to traditional archery.

The club had prepared 38 challenging targets set at instinctively friendly distances for this one-arrow shoot.

Target 38 featured Roboduck, along with an optional rubber chicken for those nervous about losing an arrow.

Spirits were high as we commenced the safety briefing and the lead-out, with many smiling faces throughout the event. With shooting groups averaging three archers and given the one-arrow format, we completed the presentations by 2:30 p.m., allowing everyone to head home in daylight.

THE WINNER OF THIS YEARS GREENMAN TROPHY WAS NICK MURPHY OF COLA WITH AN IMPRESSIVE 616 POINTS.
