

NORTH LAKES and PENNINGTON ARCHERS CUMBRIA CHALLENGE - 21st & 22nd June 2025

A total of 87 archers competed over two days of typically challenging Cumbrian terrain with typically variable and at times challenging Cumbria weather, with others joining for one day. Enjoyment and frustration abounded in equal measures throughout the two days, with enjoyment winning overall by the end. Day one at Pennington Archers South Lakes course was hot and muggy, then wet and muggy as the archers tackled some interesting and, in some instances, differently laid targets (such as a group of 3 deer with only the one without wooden antlers counting; a wasp peg gamble, and others). Day two saw some tired archers challenged by long shots, wind, rain and the steep uphill of North Lakes – it never seems to be as steep coming down! There were many happy archers leaving the event, vowing to return next year and looking forward to renewing acquaintances with archery friends from around the country. Our thanks were given from both clubs to all those who entered and shared the enjoyment of our event, and finally to the hard-working volunteers from the two clubs who provide the challenging courses, and the on-the-day catering, administration, marshals, organisation, clearing and tidying at the end.
