

## **NORTH LAKES and PENNINGTON ARCHERS CUMBRIA CHALLENGE - 13<sup>th</sup> & 14<sup>th</sup> June 2026**

Two days of contrasting weather added to the challenges of the two courses for this event attended by 76 archers. Day one at North Lakes saw archers experience (at times) boggy conditions underfoot due to recent rain, dull skies and a blustery cold wind throughout the day. Day two at Pennington Archers gave archers some much needed respite from the wind and by lunchtime it was sunny and warm. Over the two days an additional 23 archers competed for one of the days whilst 74 of the archers with plenty of stamina finished both days achieving some excellent scores. The typically challenging Cumbrian terrain was well used by both clubs to set two very different courses. North Lakes was characterised by more open spaces leading to longer shots and multiple

one arrow to be shot at each and a tricky predator / prey being set within the 40 Pennington use of closely spaced trees and shrubbery with overhanging framed some of the 36 targets and use of 'dead' ground added interest when not busy admiring the spectacular scenery in the sunshine. As always at both frustration and enjoyment featured throughout, and with the many hugely comments received both clubs felt it had been a successful event which attracts around the British Isles as well as those more local to this North-West corner of thanks are given from both clubs to all who entered and shared the enjoyment of and to the hard-working volunteers who provide the challenging courses, administration, marshals, organisation, clearing and tidying at the end, and one the great trophies awarded - thanks, Allan.

animals with targets. At branches archers were courses positive archers from England. Our our event, catering, who makes
