

NORTH LAKES and PENNINGTON ARCHERS OPEN CHALLENGE - Saturday 22nd & Sunday 23rd June 2024

Unusually for the Lake District dry weather and warmth greeted the archers assembling at North Lakes Field Archers for day one of the two-day challenge being organised in partnership with Pennington Archers for the first time. 68 archers aiming to complete both days left the admin and catering area to complete a twice round 24 targets for the first day, together with a further 21 archers either eligible only for the first day or electing to shoot only on Saturday. First time round involved shooting at 3D targets, set with interest and challenge as always by the team at North Lakes. Great catering and conversations kept the archers going for a long day in the field, as having completed the first 24 on the second circuit archers were shooting at NFAS faces. An equally challenging second half with big game scoring on 48 targets left many archers happy with their day and several wondering what day two would bring.

Day two at Pennington Archers in their South Lakes base was again greeted with dry weather and sunshine, and some misty overnight weather could not dampen the enthusiasm of all for the two-day format. The 68 archers were joined by 17 others eligible only for the second day or electing to shoot only on Sunday. The challenge on day 2 was to complete a figure of eight course with 40 targets, all of which were 3Ds with big game scoring. Again, great catering and conversations supplemented by the stunning views across to the Coniston fells on a clear day kept the archers going throughout the day. As archers finished and came to handover their scorecards the feedback about the two days was overwhelmingly positive – challenging and interesting courses, organisation and friendship afforded by both clubs, and the opportunity to shoot in such beautiful surroundings were a few comments. Whilst waiting for the two-day scores to be collated archers were able to relax in the sun, enjoy looking at the super trophies (made by Allan Carruthers, North Lakes) and share the highs and lows of their own shooting.

The presentation began with thanks to all from both clubs who had helped with the North Lakes and Pennington Challenge 2024. Most of all the archers were thanked for supporting the first running of the event, and making it such a success that the two clubs look forward to continuing and developing our partnership.

After medal and trophy winners received their awards, archers were wished a safe journey home and reminded that we hope to see them again at our events.
