

PENNINGTON ARCHERS OPEN SHOOT – 28th September 2025

Pennington Archers welcomed 73 archers to their open event held at the end of September. As ever the Lake District terrain and interesting course with some very deceptive shots provided a challenge to all. For once the Lake District weather did not add to the challenge, although rain during the preceding week did make some of the conditions underfoot a little wet and at times slippery. An abundance of chatter and laughter indicated that the archers were enjoying the day, as did the many positive comments received throughout and following the publication of photographs taken on the day on the NFAS Facebook pages. Thanks were given before the medal presentations at the end of the day, to all who had helped with course setting and laying, catering, administration and marshalling from the club, and most of all thanks were given to all archers who made the journey to south Cumbria. We look forward to seeing you again in 2026 – our first competition being day 2 of the Cumbria Challenge following day 1 with North Lakes Field Archers in June.
