

## UMBERLEIGH FIELD ARCHERS OPEN SHOOT 19-05-2024

Sunday morning dawned with a blanket of mist covering the county and on entering the woods you could see that some of the bosses were just ghostly images in the distance, luckily the sun put in an appearance and burnt off the foggy atmosphere long before the 10a.m. start.

The rest of the day was perfect shooting weather, warm but with a gentle breeze which helped to keep the humidity down in the woods.

Club members put in a great effort to prepare the course for the day, removing huge trees felled in the recent storms, repairing bridges, repairing and moving bosses, strimming paths and setting out the path guides, pegs and faces.

Unfortunately attendance was lower than we had hoped for but on a brighter note judging by the atmosphere on the day and comments made then and since then the archers attending seemed to have had a really good day.

In memory of Audrey Hearson one of our club founders and our former club secretary a collection was organised by her grand daughter Sienna in aid of Kidney Research and thanks to the amazing generosity of all at the shoot she managed to raise £212.36.

Our thanks go out to all those archers who attended and to the club working party on the day providing much needed nourishment and refreshment at the tea tent,marshalling the course and the car park and clearing up at the end of the day.
