

Wolfshead Shoot, Sunday 1st June 2025

Thank you to the 64 archers who made their way to our corner of the North Yorkshire Moors National Park to take part in what should have been our second open shoot competition of the year. Due to damage caused by the winter weather we were forced to cancel our first competition in February. Thankfully the weather proved to be relatively kind on the day of the shoot, with only some very light rain showers around lunchtime. Some of the archers did mention a bit of a breeze on the moorland section of the course as well.

Judging by comments received, everyone appeared to enjoy the day. We hope that you all had good time and will return to take part in future competitions.

Thanks as always to our hard working group of club members who made the day possible by putting in the effort to prepare the course and targets in the weeks leading up to the shoot, and acting as marshals or working tirelessly in the kitchen on the day of the shoot. It was good to see so many of our new members turning out to help with the running of the shoot. Declining membership numbers in recent years has been making it increasingly difficult to prepare for the shoots and additional hands are very welcome.

Unfortunately the event was tinged with sadness for our more longstanding members as this would be our first shoot after former club member, Geoff Eccleshall, lost his battle with cancer. Geoff served at various times as club Chair and Coach and will be missed by all in the field archery community who new him. He kindly donated his archery equipment to the club and, in accordance with his wishes, these items will be included as raffle prizes at our open shoots, starting on this occasion with an excellent longbow.

Our next open shoot is on Sunday 7th September 2025. We hope that you can join us to enjoy a bacon bun and some magnificent scenery while testing your skills around our course of 40 3D targets set out over a mixture of moorland and woodland.

Score Spots

Ladies American Flat Bow

Kim	Manning	Regent	326	0
