

Lesson number one learnt from this open is "don't leave Martin in charge of loading the car"! Shortly after arriving at the range I realised I had left all the bacon and milk back at home (a 1hr round trip) and with the early birds starting to appear the pressure was on to find alternative source of bacon to feed our guests. One mercy dash to Sainsbury's 'saved my bacon', we were back on track and the woods were alive to the sound of chatter and the smell of bacon butties.

Despite the threat of rain all week the course was bathed in glorious sunshine as the archers were led out to the pegs for the start of a great days shooting.

For those who shot in last Novembers open there were quite a few differences to the range. The entire first half of the course had been reversed to liven things up a little and a number of new targets had been introduced. That mixed with a bit of swapping around on the second half made for a very challenging shoot. Well done to Mike, Paul and Ron for getting the course set up to their usual high standard.

The sun shone the entire day and everyone was in good spirits back at base camp enjoying a well earned drink and bite to eat, laid on by Rachel, Janine, Vicky and young Beth.

We hope everyone had a good day and hope to see you all and hopefully some new faces in November.
