

Hollywood Shoot Report

14th June 2015

First of all a **HUGE THANK YOU** to everybody who helped, before, during and after our shoot, including the “dinner ladies” Dorothy and Margaret. Everyone’s hard work is greatly appreciated, so thank you again. As you all know, Hollywood is a small club – just two pensioners and a blonde –and we couldn’t have done it without help.

Thanks to all the archers who attended, some travelling considerable distances – hope you all enjoyed it. We do put effort into laying an interesting course, populated by many of our hand-made, hand-painted targets.

If you want to see some photographs please visit our Facebook site - Hollywood Archery (but I believe there’s a shop in Wisconsin, so not that one) or North of England Archers.

So, now down to the rest of the results.
