Well what a day that was at MDA Field Archery Club in the Garden of England. I must thank you all for coming and supporting our club in its first shoot at our new grounds. It was fantastic to see our archery friends having a great time be it shooting our course or eating some superb catering supplied by our members that stepped up at the last minute. The course laying guys really pulled the stops out and created a course to be proud of, hopefully challenging you all. And admin had all the I's dotted and t's crossed as quick as humanly possible. Thank you once again for your support I hope you enjoyed yourselves as much as we enjoyed having you, please tell your friends and hopefully we will see you all again next year.
