

Wild Geese North Yorkshire Challenge 2016 - Sunday 22nd May -

by David Bowen.

We were thrilled with the turnout of the third North Yorkshire Challenge, which attracted over 100 archers representing 27 different Clubs. The competition took place on our last 2 x 20 format as our future competitions will be held on a 1 x 36 course as we expand into new woods. For most of the day the weather was glorious, but a strong and steady downpour right at the end of the shoot made the last few shots tricky and wet, and unfortunately brought the competition to a soggy end. The all-inclusive food and drinks went down well, with little left at the end. Due to the warm weather we provided a drinks station at the half way point for the duration of the competition. We hope to see many archers return for our September shoot and shoot the new layout course. If you want to make a full North Yorkshire weekend of it, a large Country Fair is taking place a couple of miles away, on the same land estate as us the day before. We can provide advice on accommodation.
