

# Spirit of Sherwood - Wooden Arrow Shoot

## 4<sup>th</sup> Dec 2016

First of all a HUGE THANK YOU to everybody who helped before, during and after our shoot. Everyone's hard work definitely paid off as we had 147 archers attend our annual wooden arrow, some travelling considerable distances.

We laid on 2 new sections in the woodland, one of them laid by 2 of our new members Steven & David. Feedback from archers on the day was very positive, challenging targets with nothing too stretched. Archers shot 3 sections enabling them to pass through catering 3 times. With it being the wooden arrow shoot, this was made up of 35 3D's one of which is our moving target, being Christmas we chose Rudolph with Father Christmas on his sleigh and 1 novelty face.

Weather was superb for a winter's day. As well as having a reputation for laying a good course we also have a reputation for our fantastic cakes!! These sold quickly as normal with archers even saving some by to take home with them at the end of the day.

The shoot was started promptly at 10am and after a pleasant days shooting all 147 archers had handed all their cards into admin by 3.30pm!

The cherry on the cake at the end of the day was one of our longest serving members Ken Adams received the NFAS Presidents trophy for his services above and beyond from Trish Jones.
