

MUTTLEY CREW ARCHERS SHOOT REPORT.

20th MAY 2018.

Today's shoot got off to a great start with the weather being very kind to us again (you can thank me another time for that).

The 36 3D course was set by a small group of club members who had not set a course before, all done under watch full eyes and checked for safety by myself. Going by the comments received, I must congratulate the group members for a pleasing course, other than the over pond shot that caught a few people out.

The catering and raffle went down well and again we must thank Lionel Rodrigues for the all day entertainment at admin.

Huge thanks to all the attending archers for the comments made during and after the shoot, it makes it all worthwhile and encouraging for the course setters. Thanks for all the help in bringing the targets in after the shoot, it meant that I got home for tea at 6.30 (bonus).

We have started to get bookings for our 2x20 3D's on October 28th 2018 and at 35 % full at 5/6/18, and we hope to see many of you again, on another new route around the wood.
