

## Wolfshead Field Archers

2nd September 2018

A total of 57 archers attended the third and final Wolfshead Field Archers shoot of 2018. Once again this year we were fortunate with the weather on the day of the shoot. Some archers even reported looking forward to the woodland section of the course to get some respite from the sun after being out on the moors.

Thanks to all who attended the shoot, and to all those who worked on the course, in the kitchen and as marshals.

We look forward to welcoming you at our next shoot on 24<sup>th</sup> February 2019 – come along and experience shooting in the North Yorkshire Moors National Park.

### LAFB
