

The Cheshire Oak Bowmen late summer 2019 shoot was held on the 8<sup>th</sup> September 2019. A total of 93 archers made the trip to our Cheshire woodland enjoying a twice 20 target course comprising a mix of 3D targets and faces. The shoot was billed as a pre-National Championship shoot and as I write this upon return from the Nationals there were some similarities!

The course included three shots in the field adjacent to the wood, its as though we knew what the National Champs courses would be like. Some targets also ensured that everyone managed a spot on this target.

General feedback from the shoot were generally positive and most completed the challenging course. Yet some shots left archers scratching their heads about the distance.

This block contains a screenshot of a Facebook post and a photograph. The Facebook post is from Robert Pierce, a visual storyteller, dated 9 September at 08:15. The text of the post reads: "Thanks to all involved at Cheshire Oak for a very challenging shoot yesterday. I quite like paper faces when they are set out well and not stretched and you did a good job that catered for all styles. its also important when using paper faces to consider the visibility and light so that you can clearly see the animal against the background again you did this..so it was good. cheers". Below the text are icons for likes and comments, with "1 comment" visible. A comment from Rob Beal is visible: "Yep, great day and good prep for the champs. Group wasn't bad either!". To the right of the Facebook post is a photograph of an archer from behind, wearing a maroon t-shirt with "Muttley Crew Archers" printed on it. The archer is in a wooded area, surrounded by logs and trees.

As usual at Cheshire oak the course was a shoot through and arranged to pass catering twice during the day and many archers enjoyed the fare on offer and the catering team ensured a variety was available all day.

Thanks to all who attended and we look forward to welcoming our returning friends and some new visitors at our all styles wooden arrow remembrance shoot on the 10<sup>th</sup> November 2019 which will be a 2x18 course. The shoot will start at 9:30 to ensure we have enough light to finish the shoot in daylight. The shoot will also feature 2 minutes silence at 11:00 to remember those affected by conflicts past and present and a contribution will be made to the Royal British Legion and we hope to exceed our £286 contribution from last year.
