

Castle Bowmen – 15 Sep 2019

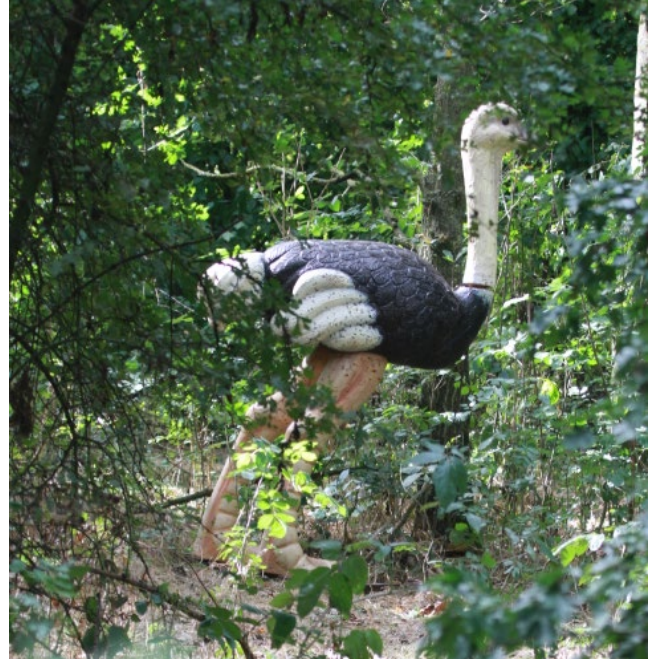

***"I am home among trees"* - J.R.R.Tolkien - The Fellowship of the Ring**

I believe we can all relate to Mr Tolkien's fine words, as there are few better enjoyments in life than being out in a woodland with friends on a sunny day.

In September we welcomed you back to our home in Lincolnshire to partake in another 2x20 course filled with surprises and... well... hawthorn bushes! With the addition of two new bridges stretching across to the island in the drain we were able to utilise the woodland more than ever before, giving you shots such as the bear peeking around the tree, the same bear peeking around the other side of the tree and a different bear leaning on a tree!

The feedback was brilliant once again, it is fantastic to hear you enjoy the course and especially nice to hear the positive comments about our club itself, I will pass on all the compliments and constructive ideas at our next general meeting.

Thank you all again for attending, we hope to see you and lots of new faces at our next shoot on the 3rd of November (only seven weeks away, good grief!)
