

## **BRIDGE WOODS FIELD ARCHERY CLUB**

### **NFAS OPEN SHOOT RESULTS**

**29 SEPT 2019**

After arriving at the club early morning and setting up for the Open shoot, the weather looks overcast and wet, Here they come the hardy archers who like to rise to a challenge, they have braved the weather and turned out. Not knowing if they had enough energy, waterproofs clothing or arrows to complete the courses laid out today. Now the rain starts, we had 52 booked into shoot, but obviously due to the weather only 25 turned out to compete. Running for cover and making sure enough plastic bags covered their arrows.

Out to the course's and ready to start, the weather is changing, waterproofs are coming off. Archers arriving on the OH MY GOD COURSE are concerned if they have enough arrows with them. Archers arriving on the BL\*\*DY HELL COURSE are looking at each other not sure how to hit or where to aim.

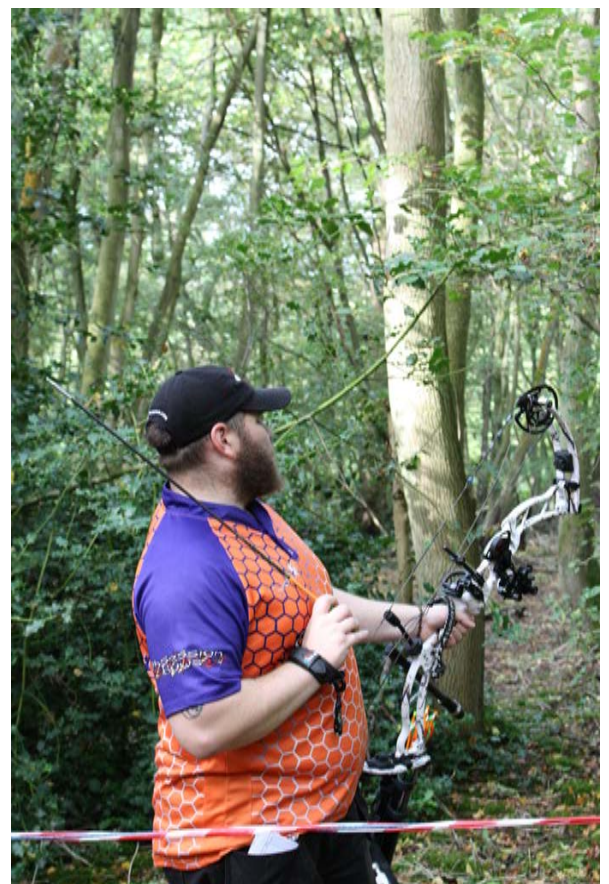

In for lunch and refreshments and a catch up on how things are happening for people and groups of discussions are happening between cups of tea, burgers and cake, rolling start means when you are ready go and shoot, just in case it starts to rain again.

Shoot finished, tea and cake being served, the rain held off and some bright gaps appeared.

Raffle winners happy with their goods. Now the scores and medals.

Well done to all those that came and shot our club courses, Well done to all the medal winners you deserved those, with amount of thought and testing you went through.

To those who wished they had attended " not to worry ".  
To those who did, see you next year.....
