

Wolfshead Field Archers

23rd February 2020

Thank you to all who joined us for our first open shoot of 2020. We hope that you enjoyed yourselves and look forward to seeing you again.

Our shoot took place after storms Dennis and Ciara and before storm Jorge. Fortunately the weather on the day was not as bad as we'd feared but attendance was, understandably, significantly reduced. The 76 archers who took part in the competition experienced a course of 40 varied woodland and moorland targets in the beautiful (if a little windy) surroundings of the North Yorkshire Moors National Park.

As always, thanks go to all the club members who prepared the course, acted as marshals or worked in the kitchen. Without their efforts the shoot would not have been possible.

We look forward to welcoming you at our next shoot on the 7th June 2020.
