

## Kendal Bowmen -22 May 2022

Thanks to those archers who ventured to Kendal for this day of shooting. It has been quite a difficult time after storm Arwen decided to topple large sections of our woodland, including trees landing on our catering hut, thereby curtailing the principal of always providing full catering. Getting back to normality almost feels like starting again, so improvements needed are noted, I now have a new rain shelter ordered, and work is ongoing to open up more shooting areas. On the plus side, the new registration/lunch area will be much easier to access regardless of which of the two parking areas are used.

GENTS FREESTYLE		
ANTONY KING	STEWARTRY	730
